She begged off her surgery for a week and went into seclusion. The two words have essentially the same meaning—a concrete or tangible object that stands for an intangible idea.

LolaDrateditreallylikeditMay08, Trivia About Imagery in Healin
A truly poor outcome was forecast when the cancer cells were seen as immutable, grasping, or ineradicable, when symbolized as lumps of coal, crabs, ants, or submarines; a better outcome was likely when they were described as weak animals or even as the actual cells as one might view them under a microscope. Aristotle believed that the emotional system did not function in the absence of stone, and the stone is the universe.
