PusanSouth Korea. Based on the efficient Soviet Army model, this ground-based network relied primarily on railroads to transport supplies to the front while troops transported those items to the individual units on foot, trucks, or carts. However, the offensive was considered to have significantly increased morale among the troops of the 25th Infantry Division, which performed extremely well in subsequent engagements. It was one of the first major engagements of the Korean War. First, let me say that Roy Van eindhoven added it Nov 23,
